#### Beware of Clogged Kidneys

Use Solvax to stimulate their action and get the poisons out of your blood. Often the violent headache comes from poisons in the blood that congestion in the kidneys has failed to pass out through the bladder. General disturbances, dissiness, back pains, tired feeling in the legs and mental depression are some of the symptoms apt to follow. Your best medicine to relieve this condition is a remedy called Solvax, fold by Lee & Osgood, and other leading druggists, on the liberal plan that you can try it and if it doesn't prove satisfactory they will refund the price paid for it. For the reason that the kidneys them selves do not ache, very serious conditions may set in, simply because the general disturbances and other symptoms are not recognized as due to clogged kidneys. Try Solvax. It cannot harm you and may be exactly what you needed to feel well again.
